Fast-Track Training Courses - INDeX 30 and INDeX CT Components Promotion

In order to complement the existing promotion offer on **INDeX 30** for the new **INDeX CT Components**, Avaya is offering sales and technical training courses tailored for INDeX 30 and CT Components.

Previous training courses involved a total of 5 days technical training and 1 days sales training. The new **fast-track training courses** enable access to INDeX CT Components with a total of 1 day for sales training and 2 days technical training.

Please note that INDeX CT Components is still under **Controlled Release**, and is not available to BusinessPartners who have not attended the relevant training courses.

Under the promotion, which runs until the 30th September 2001, all new INDeX 30 installations are entitled to a free 10-user licence for INDeX CT Components (order code LIC-CTCOM-10) – normally worth **£3000**.
