End of Sale Announcement for:

- **Avaya™ Communication Manager Release 4.x[1]**
- **Avaya™ SIP Enablement Services Release 4.x**
- **Avaya™ IA770 Release 4.x**
- **Avaya™ Integrated Management Release 4.x**
- **Avaya™ Communication Manager 4.x Upgrade Protection Plan for Communication Manager (UPPCM)[2]**

Notification Date: October 6, 2008

Avaya will discontinue the sale of software licenses for Avaya Communication Manager Release 4.x, Avaya SIP Enablement Services Release 4.x, and IA770 Release 4.x, including all minor and update releases, Avaya Integrated Management Release 4.x, and the Upgrade Protection Plan for Communication Manager (UPPCM) offer on AVAYA™ Communication Manager Release 4.x.

Effective **February 2, 2009** Avaya will no longer allow new 4.x version quotations of the software licenses for any Communication Manager, SIP Enablement Services, IA770, and Integrated Management 4.x designs.

This will affect the following design types:

- Any new Communication Manager and/or IA770 4.x designs.
- Any upgrade from any prior Communication Manager or IA770 release, going to Communication Manager and/or IA770 4.x.
- Any upgrades from prior Communication Manager releases to Communication Manager 4.x using the Upgrade Protection Plan for Communication Manager (UPPCM) material codes.
- Any new SIP Enablement Services Manager 4.x designs.
- Any upgrade from any prior SIP Enablement Services release, going to SIP Enablement Services 4.x.
- Any new Avaya Integrated Management 4.x designs.
- Any upgrade from any prior Integrated Management release, going to Integrated Management 4.x

Beginning **November 4, 2008**, a password will be required to use the Avaya Solution Designer tool to configure Communication Manager, SIP Enablement Services, IA770, and Integrated Management 4.x.

Existing SAP quotes can be converted into orders for a period of **90 days** after end of sale (until May 2, 2009)**.

> **Note - The Communication Manager 4.x ASD Configurator will remain active until February 2, 2009. On February 2, 2009, ASD support will be removed and the SAP codes for Communication Manager 4.x will be changed to pipeline status. For all indirect sales, the ASD configuration must be on the distributors sold-to before February 2, 2009.

Please note that there are exceptions to this policy:

---

[1] CM 4.x EOS does not apply to the Joint Interoperability Test Command (JITC) and U.S. Department of Defense (DoD) approved 4.x software load(s).

[2] The AVAYA™ Communication Manager 4.x Upgrade Protection Plan for Communication Manager (UPPCM) program is only available in the United States.

- Customers already on Communication Manager , SIP Enablement Services, IA770, or Integrated Management 4.x, will still be able to obtain an upgrade of their software to the final 4.x dot load (if applicable).
- Customers may continue to add capacity and features to existing Communication Manager, SIP Enablement Services, and IA770 4.x systems. This can be done using the Avaya Solution Designer additions configurator.
- Customers can migrate hardware platforms on their existing systems

Discontinued AVAYA™ Communication Manager 4.x SAP material codes
