

End of Sale Notice

Notification Date: 06-March-2013

Effective Date: 1-May-2013

Subject: B179 with AC Power Supply

Theatre/Region: All

Summary

Effective **May 1, 2013**, Avaya will no longer offer for sale or make commercially available the B179 SIP Conference Phone packaged with AC Power Supply. Avaya now offers the same B179 SIP Conference Phone packaged without the AC power supply at a reduced cost.

B179 SIP Conference Phone supports Power-over-Ethernet (PoE) and may be powered directly by PoE enabled networks; thus making the AC power supply unnecessary in many installations. This change in the packaging reduces waste.

In the event that inventories of the old B179 packaging are depleted prior to the effective End of Sale date, customers will be offered the new B179 package to support their needs.

Discontinued Order Codes and Migration Strategy

Discontinued Codes

Material Code	Description
700501532	Avaya B179 SIP Conference Phone

Migration Strategy

Avaya now offers the same B179 SIP Conference Phone packaged without the AC power supply at a lower cost. For customers needing local powering option, Avaya offers IP Phone Single Point PoE Injector (SPPOE-A1) or the B100-series Power Adapter.
