

Avaya Product Lifecycle Summary Matrix

This Product Lifecycle Matrix should be read in conjunction with the Avaya Product Lifecycle Policy Document that can be found at: <https://downloads.avaya.com/css/P8/documents/100081098>.

All future dates are subject to change, so Avaya recommends that you re-visit this document regularly.

In the case of any discrepancy, the dates in the End of Sales (EoS) notifications override any EoS and End of Manufacturer Support dates below and SSNs would override End of Parts Support information.

Material codes are listed in order to allow users to search by material code and find the row that applies.

Please note, all dates specify when the phase begins except for End of Support Sales where the date specifies the last day when Support Services contracts can be purchased.

Effective May 2023, when a Product / Product release is announced to be Generally Available (GA), it will be added to this Lifecycle Matrix with the General Availability and End of Manufacturing Support (EoMS) dates.

Dark Green cells indicate -changed in last 30 days (from date of report)
 Light Green cells indicate -changed in last 90 days (from date of report)

Product/Component	Document	General Availability	End of Sale	End of Mfg Support (Software)	End of Mfg Support (Hardware)	Remote Only/End of Services Parts Support	End of Support Sales	End of Life	Order Codes
