Migration Strategy

Avaya now offers the following alternative solution(s). Avaya Flare Experience for iPad provides audio and video on a device with a tablet form factor

1. Avaya Flare Experience for Windows 1.1 supports video on desktops and laptops running Microsoft Windows today. This product will be renamed and launched as Avaya Communicator 2.0 in mid-2014.
2. Avaya one-X Communicator for Windows also supports video and the breadth of Avaya Aura Communication Manager features using either H.323 or SIP and runs on desktops and laptops running Microsoft Windows.
3. Avaya Clients Applications Lync Integration 6.2 provides audio and video through Avaya Aura using the Lync IM desktop client.
4. Avaya one-X Communicator for Mac 2.0 will be available in the first quarter of 2014 and will support audio and video with Avaya Aura.
5. The Summit series consists of three models that will deliver HD video and audio as well as a web browser. Summit will be Generally Available early in calendar year 2015.
