

End of Sale Notice

Notification Date: 21-April-2014

Effective Date: 2-June-2014

Subject: D100 IP DECT KIT

Theatre/Region: All

Summary

Effective **June 2, 2014**, Avaya will no longer offer for sale or make commercially available the D100 IP DECT KIT, which contains a D100 Base Station and a D160 Handset. Avaya now offers the same D100 Base Station and D160 Handset as separate orderable parts.

The reason behind the packaging change is that each D100 Base Station supports up to eight (8) D160 Handsets. It is simpler for the customer to order the D100 Base Station and the exact number of D160 Handsets to use with the base station.

In the event that inventories of the D100 kit are depleted prior to the effective End of Sale date, customers will be offered the separate D100 Base Station and D160 Handset to support their needs.
