Copyright and Third-Party License Notices

Noble Systems software applications make use of individual third-party software tools, components, and/or applications ("Third-Party Software"). Such Third-Party Software may be subject to one or more third-party software licenses, and accordingly, your use of Noble Systems software applications may be subject to rights and restrictions set forth in the third-party software licenses governing such Third-Party Software.

In order to provide notice to its customers, those Third-Party Software programs are listed below along with their respective copyright information and license information.

Third-Party Software	Governing License	Copyright Information
