46xx SIP Phones		Manual clock change:	Based on PSN 1181U created for NAR in 2007
		In the 46xxsettings.txt file, replace any existing settings for these parameters that may already be in the file with:	Given there are different dates for the various Australia time zones,
			the coding conventions are given here instead of specific instructions.
		SET DSTSTART "1SunOct2L"	"1SunOct2L" is the convention for the first Sunday in October
		SET DSTSTOP "1SunApr2L"	Use the appropriate rule for the given time zone, example is for NSW.
